STATUTE INDEX

EMERGENCY MEDICAL SERVICES

(a) EMERGENCY MEDICAL TECHNICIANS

(c) EMERGENCY MEDICAL SERVICES ACT

71-5172. Act, how cited.
71-5173. Legislative intent; act; how construed.
71-5174. Legislative findings.
71-5175. Terms, defined.
71-5176. Board of Emergency Medical Services; established; members; terms; expenses; meetings; conflicts of interest; removal.
71-5177. Board; duties.
71-5178. Rules and regulations.
71-5179. Certification classification.
71-5180. Rules, regulations, and orders under prior law; effect.
71-5181. Licenses and certificates; issuance.
71-5181.01. Fees.
71-5182. License or certificate; department; powers.
71-5183. Physician medical director; required.
71-5184. Duties and activities authorized; limitations.
71-5185. Patient data; confidentiality; immunity.
71-5186. Ambulance; transportation requirements.
71-5187. Motor vehicle ambulance; driver privileges.
71-5188. Department; waive rule, regulation, or standard; when.
71-5189. Certificates issued without examination; when.
71-5190. License; sale, transfer, or assignment; prohibited.
71-5191. Act; exemptions.
71-5192. Certificate or license issued prior to July 1, 1998; how treated.
71-5193. Person objecting to treatment; effect.
71-5194. Individual liability.
71-5195. Out-of-hospital emergency care provider; liability relating to consent.
71-5196. Out-of-hospital emergency care provider; liability within scope of practice.
71-5197. Department; accept gifts.
71-5198. Act; construction with other laws.
71-5199. Prohibited acts; violation; penalty.
71-51,100. Unlawful acts; department; powers.

(d) AUTOMATED EXTERNAL DEFIBRILLATOR

71-51,102. Automated external defibrillator; use; conditions; liability.

(e) NEBRASKA EMERGENCY MEDICAL SYSTEM OPERATIONS FUND

71-51,103. Nebraska Emergency Medical System Operations Fund; created; use; investment.

EMERGENCY MEDICAL CARE

71-5519. Transferred to section 71-5501.01.
71-5522. Transferred to section 71-5514.01.

FIRST RESPONDERS EMERGENCY RESCUE ACT

STATUTES PERTAINING TO EMERGENCY MEDICAL SERVICES
(a) EMERGENCY MEDICAL TECHNICIANS

STATUTES PERTAINING TO EMERGENCY MEDICAL SERVICES
(c) EMERGENCY MEDICAL SERVICES ACT

71-5172. Act, how cited. Sections 71-5172 to 71-51,100 shall be known and may be cited as the Emergency Medical Services Act.

71-5173. Legislative intent; act; how construed. It is the intent of the Legislature in enacting the Emergency Medical Services Act to (1) effectuate the delivery of quality out-of-hospital emergency medical care in the state, (2) eliminate duplication of statutory requirements, (3) merge the former boards responsible for regulating ambulance services and emergency medical care, (4) replace the former law regulating providers of and services delivering emergency medical care, (5) provide for the appropriate certification of persons providing out-of-hospital medical care and licensure of organizations providing emergency medical services, (6) provide for the establishment of educational requirements and permitted practices for persons providing out-of-hospital emergency medical care, (7) provide a system for regulation of out-of-hospital emergency medical care which encourages out-of-hospital emergency care providers and emergency medical services to provide the highest degree of care which they are capable of providing, and (8) provide a flexible system for the regulation of out-of-hospital emergency care providers and emergency medical services that protects public health and safety.

The act shall be liberally construed to effect the purposes of, carry out the intent of, and discharge the responsibilities prescribed in the act.

71-5174. Legislative findings. The Legislature finds:
(1) That out-of-hospital emergency medical care is a primary and essential health care service and that the presence of an adequately equipped ambulance and trained out-of-hospital emergency care providers may be the difference between life and death or permanent disability to those persons in Nebraska making use of such services in an emergency;
(2) That effective delivery of out-of-hospital emergency medical care may be assisted by a program of training and certification of out-of-hospital emergency care providers and licensure of emergency medical services in accordance with rules and regulations approved by the Board of Emergency Medical Services;
(3) That the Emergency Medical Services Act is essential to aid in advancing the quality of care being provided by out-of-hospital emergency care providers and by emergency medical services and the provision of effective, practical, and economical delivery of out-of-hospital emergency medical care in the State of Nebraska;
(4) That the services to be delivered by out-of-hospital emergency care providers are complex and demanding and that training and other requirements appropriate for delivery of the services must be constantly reviewed and updated; and
(5) That the enactment of a regulatory system that can respond to changing needs of patients and out-of-hospital emergency care providers and emergency medical services is in the best interests of the citizens of Nebraska.

71-5175. Terms, defined. For purposes of the Emergency Medical Services Act:
(1) Ambulance means any privately or publicly owned motor vehicle or aircraft that is especially designed, constructed or modified, and equipped and is intended to be used and is maintained or operated for the overland or air transportation of patients upon the streets, roads, highways, airspace, or public ways in this state, including funeral coaches or hearses, or any other motor vehicles or aircraft used for such purposes;
(2) Board means the Board of Emergency Medical Services;
(3) Department means the Department of Health and Human Services Regulation and Licensure;
(4) Emergency medical service means the organization responding to a perceived individual need for immediate medical care in order to prevent loss of life or aggravation of physiological or psychological illness or injury;
(5) Out-of-hospital emergency care provider includes all certification classifications of emergency care providers established pursuant to the act;
(6) Patient means an individual who either identifies himself or herself as being in need of medical attention or upon assessment by an out-of-hospital emergency care provider has an injury or illness requiring treatment;
(7) Person means an individual, firm, partnership, limited liability company, corporation, company, association, or joint-stock company or association or group of individuals acting together for a common purpose and includes the State of Nebraska and any agency or political subdivision of the state;
(8) Physician medical director means a qualified physician who is responsible for the medical supervision of out-of-hospital emergency care providers and verification of skill proficiency of out-of-hospital emergency care providers pursuant to section 71-5178;

(9) Protocol means a set of written policies, procedures, and directions from a physician medical director to an out-of-hospital emergency care provider concerning the medical procedures to be performed in specific situations;

(10) Qualified physician means an individual who is licensed to practice medicine and surgery pursuant to sections 71-1,102 to 71-1,107.14 or osteopathic medicine and surgery pursuant to sections 71-1,137 to 71-1,141 and meets any other requirements established by rule and regulation;

(11) Qualified physician surrogate means a qualified, trained medical person designated by a qualified physician in writing to act as an agent for the physician in directing the actions or recertification of out-of-hospital emergency care providers; and

(12) Standing order means a direct order from the physician medical director to perform certain tasks for a patient under a specific set of circumstances.

71-5176. Board of Emergency Medical Services; established; members; terms; expenses; meetings; conflicts of interest; removal. (1) The Board of Emergency Medical Services is established. The board shall have seventeen members appointed by the Governor with the approval of a majority of the Legislature. The appointees may begin to serve immediately following appointment and prior to approval by the Legislature.

(2)(a) Seven members of the Board of Emergency Medical Services shall be active out-of-hospital emergency care providers at the time of and for the duration of their appointment, and each shall have at least five years of experience in his or her level of certification at the time of his or her appointment or reappointment. Two of the seven members who are out-of-hospital emergency care providers shall be first responders, two shall be emergency medical technicians, one shall be an emergency medical technician-intermediate, and two shall be emergency medical technicians-paramedic.

(b) Three of the members shall be qualified physicians actively involved in emergency medical care. At least one of the physician members shall be a board-certified surgeon, and at least one of the physician members shall be a board-certified emergency physician.

(c) Five members shall be appointed to include one member who is a representative of an approved training agency, one member who is a physician assistant with at least five years of experience and active in out-of-hospital emergency medical care education, one member who is a registered nurse with at least five years of experience and active in out-of-hospital emergency medical care education, and two members who are consumers who have been residents of the State of Nebraska for five years with an expressed interest in the provision of out-of-hospital emergency medical care.

(d) The remaining two members shall have any of the qualifications listed in subdivision (a), (b), or (c) of this subsection.

(e) In addition to any other criteria for appointment, among the members of the board there shall be at least one member who is a volunteer emergency medical care provider, at least one member who is a paid emergency medical care provider, at least one member who is a firefighter, at least one member who is a law enforcement officer, and at least one member who is active in the Critical Incident Stress Management Program. If a person appointed to the board is qualified to serve as a member in more than one capacity, all qualifications of such person shall be taken into consideration to determine whether or not the diversity in qualifications required in this subsection has been met.

(f) At least five members of the board shall be appointed from each congressional district. No more than one physician member shall reside in any single congressional district.

(3) The Governor shall make the initial appointments to the board within ninety days after September 13, 1997. Five of the initial members shall be appointed for terms of one year as determined by the Governor. Six of the initial members shall be appointed for terms of two years as determined by the Governor. Six of the initial members shall be appointed for terms of three years as determined by the Governor. After the initial appointments, all members shall serve three-year terms. Each member shall hold office until the expiration of his or her term. Any vacancy in membership, other than by expiration of a term, shall be filled within ninety days by the Governor by appointment as provided in subsection (2) of this section.

(4) Members of the board shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

(5) The board shall meet within ninety days after the appointment of the initial members and shall meet at least once each year thereafter. Special meetings of the board may be called by the department or upon the written request of any six members of the board explaining the reason for such meeting. The place of the meetings shall be set by the department. At the first meeting of the board, such officers as the board deems necessary shall be elected. A majority of the members shall constitute a quorum for the transaction of business. Every act of the majority of the members of the board present at a meeting of the board shall be deemed to be the act of the board. The board shall comply with the Open Meetings Act.

(6) The department shall adopt and promulgate rules and regulations which establish definitions of conflicts of interest for members of the board and which establish procedures for resolution of conflicts of interest.

(7) The Governor upon recommendation of the department shall have power to remove from office at any time any member of the board for physical or mental incapacity to carry out the duties of a board member, for continued neglect of duty, for
incompetency, for acting beyond the individual member's scope of authority, for malfeasance in office, for any cause for which a professional license or certificate may be suspended or revoked pursuant to the Uniform Licensing Law, or for a lack of license or certificate required by the Emergency Medical Services Act.

(8) Except as provided in subsection (7) of this section and notwithstanding subsection (2) of this section, a member of the board who changes his or her certification classification after appointment when such certification classification was a qualification for appointment shall be permitted to continue to serve as a member of the board until the expiration of his or her term.

71-5177. Board; duties. In addition to any other responsibilities prescribed by the Emergency Medical Services Act, the board shall:

1. Promote the dissemination of public information and education programs to inform the public about out-of-hospital emergency medical care and other out-of-hospital medical information, including appropriate methods of medical self-help, first aid, and the availability of out-of-hospital emergency medical services training programs in the state;
2. Provide for the collection of information for evaluation of the availability and quality of out-of-hospital emergency medical care, evaluate the availability and quality of out-of-hospital emergency medical care, and serve as a focal point for discussion of the provision of out-of-hospital emergency medical care;
3. Review and comment on all state agency proposals and applications that seek funding for out-of-hospital emergency medical care;
4. Establish model procedures for patient management in out-of-hospital medical emergencies that do not limit the authority of law enforcement and fire protection personnel to manage the scene during an out-of-hospital medical emergency;
5. Not less than once each five years, undertake a review and evaluation of the act and its implementation together with a review of the out-of-hospital emergency medical care needs of the citizens of the State of Nebraska and report to the Legislature any recommendations which it may have; and
6. Identify communication needs of emergency medical services and make recommendations for development of a communications plan for a communications network for out-of-hospital emergency care providers and emergency medical services.

71-5178. Rules and regulations. The department, with the approval of the board, shall adopt and promulgate rules and regulations necessary to:

1. Implement the Emergency Medical Services Act;
2. Create the following certification classifications of out-of-hospital emergency care providers: (a) First responder; (b) emergency medical technician; (c) emergency medical technician-intermediate; and (d) emergency medical technician-paramedic. The rules and regulations creating the classifications shall include the practices and procedures authorized for each classification, training and testing requirements, recertification requirements, and other criteria and qualifications for each classification determined to be necessary for protection of public health and safety;
3. Provide for curricula which will allow out-of-hospital emergency care providers and users of automated external defibrillators as defined in section 71-51,102 to be trained for the delivery of practices and procedures in units of limited subject matter which will encourage continued development of abilities and use of such abilities through additional authorized practices and procedures;
4. Establish procedures and requirements for applications for examination, certification, or recertification in any of the certification classifications created pursuant to the Emergency Medical Services Act;
5. Provide for the licensure of basic life support services and advanced life support services. The rules and regulations providing for licensure shall include standards and requirements for: Vehicles, equipment, maintenance, sanitation, inspections, personnel, training, medical direction, records maintenance, practices and procedures to be provided by employees or members of each classification of service, and other criteria for licensure established by the department with the approval of the board;
6. Authorize emergency medical services to provide differing practices and procedures depending upon the qualifications of out-of-hospital emergency care providers available at the time of service delivery. No emergency medical service shall be licensed to provide practices or procedures without the use of personnel certified to provide the practices or procedures;
7. Authorize out-of-hospital emergency care providers to perform any practice or procedure which they are authorized to perform with an emergency medical service other than the service with which they are affiliated when requested by the other service and when the patient for whom they are to render services is in danger of loss of life;
8. Provide for the approval, inspection, review, and termination of approval of training agencies and establish minimum standards for services provided by training agencies. All training for certification shall be provided through an approved or accredited training agency;
9. Provide for the minimum qualifications of a physician medical director in addition to the licensure required by
subdivision (10) of section 71-5175;

(10) Provide for the use of physician medical directors, qualified physician surrogates, model protocols, standing orders, operating procedures, and guidelines which may be necessary or appropriate to carry out the purposes of the act. The model protocols, standing orders, operating procedures, and guidelines may be modified by the physician medical director for use by any out-of-hospital emergency care provider or emergency medical service before or after adoption;

(11) Establish criteria for approval of organizations issuing cardiopulmonary resuscitation certification which shall include criteria for instructors, establishment of certification periods and minimum curricula, and other aspects of training and certification;

(12) Establish recertification and renewal requirements for out-of-hospital emergency care providers and emergency medical services and adopt and promulgate rules to establish continuing competency requirements as approved by the board. Continuing education is sufficient to meet continuing competency requirements. The requirements may also include, but not be limited to, one or more of the continuing competency activities listed in section 71-161.09 which a certified person may select as an alternative to continuing education. The recertification requirements for out-of-hospital emergency care providers shall allow recertification at the same or any lower level of certification for which the out-of-hospital emergency care provider is determined to be qualified;

(13) Establish criteria for deployment and use of automated external defibrillators as necessary for the protection of the public health and safety;

(14) Create certification, recertification, and renewal requirements for emergency medical service instructors. The rules and regulations shall include the practices and procedures for certification, recertification, and renewal; and

(15) Establish criteria for emergency medical technicians-intermediate and emergency medical technicians-paramedic performing activities within their scope of practice at a hospital or health clinic under subsection (3) of section 71-5184. Such criteria shall include, but not be limited to: (a) Requirements for the orientation of registered nurses, physician assistants, and physicians involved in the supervision of such personnel; (b) supervisory and training requirements for the physician medical director or other person in charge of the medical staff at such hospital or health clinic; and (c) a requirement that such activities shall only be performed at the discretion of, and with the approval of, the governing authority of such hospital or health clinic. For purposes of this subdivision, health clinic has the definition found in section 71-416 and hospital has the definition found in section 71-419.

All certificates and licenses issued under the act shall expire at midnight on December 31 the third year after issuance.

71-5179. Certification classification. (1) The Legislature adopts all parts of the United States Department of Transportation curricula, including appendices, and skills as the training requirements and permitted practices and procedures for the certification classifications listed in subdivision (2) of section 71-5178 until modified by rule and regulation.

(2) The department and the board shall consider the following factors, in addition to other factors required or permitted by the Emergency Medical Services Act, when adopting rules and regulations for a certification classification:

(a) Whether the initial training required for certification in the classification is sufficient to enable the out-of-hospital emergency care provider to perform the practices and procedures authorized for the classification in a manner which is beneficial to the patient and protects public health and safety;

(b) Whether the practices and procedures to be authorized are necessary to the efficient and effective delivery of out-of-hospital emergency medical care;

(c) Whether morbidity can be reduced or recovery enhanced by the use of the practices and procedures to be authorized for the classification; and

(d) Whether continuing competency requirements are sufficient to maintain the skills authorized for the classification.

71-5180. Rules, regulations, and orders under prior law; effect. All rules, regulations, and orders relating to the Emergency Medical Technician-Paramedic Act, the First Responders Emergency Rescue Act, and sections 71-5101 to 71-5165 which were adopted or issued prior to July 1, 1998, shall continue to be effective until amended or repealed by rule or regulation adopted pursuant to the Emergency Medical Services Act.

71-5181. Licenses and certificates; issuance. The department shall issue licenses for the operation of emergency medical services which are found to comply with the requirements of the rules and regulations and the Emergency Medical Services Act. The department shall issue certificates for out-of-hospital emergency care providers who are found to comply with the requirements of the rules and regulations and the act.

71-5181.01. Fees. The department shall establish and collect fees for credentialing activities under the Emergency Medical Services Act as provided in section 71-162.

71-5182. License or certificate; department; powers. The department may deny, refuse renewal of, suspend, or revoke a license or certificate and otherwise discipline a licensee or certificate holder in accordance with the Uniform Licensing Law. The department may initiate proceedings under the Emergency Medical Services Act on its own motion or on the written complaint of any person.

71-5183. Physician medical director; required. Each licensed emergency medical service shall have a physician medical director by July 1, 1998.

71-5184. Duties and activities authorized; limitations. (1) An out-of-hospital emergency care provider other than a first responder as classified under section 71-5178 may not assume the duties incident to the title or practice the skills of an out-of-hospital emergency care provider unless he or she is employed by or serving as a volunteer member of an emergency medical service licensed by the department.
(2) An out-of-hospital emergency care provider may only practice the skills he or she is authorized to employ and which are covered by the certificate issued to such provider pursuant to section 71-5181.
(3) An emergency medical technician-intermediate or an emergency medical technician-paramedic may volunteer or be employed at a hospital as defined in section 71-419 or a health clinic as defined in section 71-416 to perform activities within his or her scope of practice within such hospital or health clinic under the supervision of a registered nurse, a physician assistant, or a physician. Such activities shall be performed in a manner established in rules and regulations adopted and promulgated by the department with approval of the board.

71-5185. Patient data; confidentiality; immunity. (1) No patient data received or recorded by an emergency medical service or an out-of-hospital emergency care provider shall be divulged, made public, or released by an emergency medical service or an out-of-hospital emergency care provider, except that patient data may be released to the receiving health care facility, to the department for public health purposes, upon the written authorization of the patient who is the subject of the record, or as otherwise permitted by law. For purposes of this section, patient data means any data received or recorded as part of the records maintenance requirements of the Emergency Medical Services Act.
(2) Patient data received by the department shall be confidential with release only (a) in aggregate data reports created by the department on a periodic basis or at the request of an individual or (b) as case-specific data to approved researchers for specific research projects. Approved researchers shall maintain the confidentiality of the data, and researchers shall be approved in the same manner as described in section 81-666. Aggregate reports shall be public documents. Emergency-medical-service-specific data and out-of-hospital-emergency-care-provider-specific data shall be released only upon the written authorization of the service or the provider who is the subject of the record.
(3) No civil or criminal liability of any kind or character for damages or other relief or penalty shall arise or be enforced against any person or organization by reason of having provided patient data pursuant to this section.

71-5186. Ambulance; transportation requirements. No ambulance shall transport any patient upon any street, road, highway, airspace, or public way in the State of Nebraska unless such ambulance, when so transporting patients, is occupied by at least one certified out-of-hospital emergency care provider. Such requirement shall be met if any of the individuals providing the service is a licensed physician, registered nurse, licensed physician assistant, or licensed practical nurse functioning within the scope of practice of his or her license.

71-5187. Motor vehicle ambulance; driver privileges. The driver of a licensed motor vehicle ambulance who holds a valid driver's license issued by the state of his or her residence may exercise the privileges set forth in Nebraska statutes relating to emergency vehicles when responding to an emergency call or while transporting a patient.

71-5188. Department; waive rule, regulation, or standard; when. The department, with the approval of the board, may, whenever it deems appropriate, waive any rule, regulation, or standard relating to the licensure of emergency medical services or certification of out-of-hospital emergency care providers when the lack of a licensed emergency medical service in a municipality or other area will create an undue hardship in the municipality or other area in meeting the emergency medical
service needs of the people thereof.

71-5189. Certificates issued without examination; when. The department may issue a certificate for out-of-hospital emergency care providers without examination to any person who holds a current certificate or license as an out-of-hospital emergency care provider, or its equivalent, from another jurisdiction if the department, with the approval of the board, finds that the standards for certification or licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this state. The department, with the approval of the board, may issue a certificate to any individual who has a current certificate from the National Registry of Emergency Medical Technicians. The level of such certification shall be determined by the department with the approval of the board.

71-5190. License; sale, transfer, or assignment; prohibited. A license issued under the Emergency Medical Services Act shall not be sold, transferred, or assigned by the holder. Any change of ownership of an emergency medical service requires a new application and a new license.

71-5191. Act; exemptions. The following are exempt from the licensing and certification requirements of the Emergency Medical Services Act:
(1) The occasional use of a vehicle or aircraft not designated as an ambulance and not ordinarily used in transporting patients or operating emergency care, rescue, or resuscitation services;
(2) Vehicles or aircraft rendering services as an ambulance in case of a major catastrophe or emergency when licensed ambulances based in the localities of the catastrophe or emergency are incapable of rendering the services required;
(3) Ambulances from another state which are operated from a location or headquarters outside of this state in order to transport patients across state lines, but no such ambulance shall be used to pick up patients within this state for transportation to locations within this state except in case of an emergency;
(4) Ambulances or emergency vehicles owned and operated by an agency of the United States Government and the personnel of such agency;
(5) Except for the provisions of section 71-5194, physicians, physician assistants, registered nurses, licensed practical nurses, or advanced practice registered nurses, who hold current Nebraska licenses and are exclusively engaged in the practice of their respective professions; and
(6) Persons authorized to perform out-of-hospital emergency care in other states when incidentally working in Nebraska in response to an emergency situation.

71-5192. Certificate or license issued prior to July 1, 1998; how treated. An out-of-hospital emergency care provider or emergency medical service holding a valid certificate or license issued by the department prior to July 1, 1998, may perform any practice or procedure authorized for a holder of that type of certificate or license in accordance with rules and regulations in effect immediately prior to July 1, 1998, and until the rules and regulations are amended or repealed pursuant to the Emergency Medical Services Act. A certificate or license may be issued or renewed and will expire in accordance with the rules and regulations adopted pursuant to the Emergency Medical Technician-Paramedic Act, the First Responders Emergency Rescue Act, and sections 71-5101 to 71-5165 until those rules and regulations are amended or repealed pursuant to the Emergency Medical Services Act.

71-5193. Person objecting to treatment; effect. The Emergency Medical Services Act or the rules or regulations shall not be construed to authorize or require giving any medical treatment to a person who objects to such treatment on religious or other grounds or to authorize the transportation of such person to a medical facility.

71-5194. Individual liability. (1) No out-of-hospital emergency care provider, physician assistant, registered nurse, or licensed practical nurse who provides public emergency care shall be liable in any civil action to respond in damages as a result of his or her acts of commission or omission arising out of and in the course of his or her rendering in good faith any such care. Nothing in this subsection shall be deemed to grant any such immunity for liability arising out of the operation of any motor vehicle, aircraft, or boat or while such person was impaired by alcoholic liquor or any controlled substance enumerated in section 28-405 in connection with such care, nor shall immunity apply to any person causing damage or injury by his or her willful, wanton, or grossly negligent act of commission or omission.
(2) No qualified physician or qualified physician surrogate who gives orders, either orally or by communication equipment, to any out-of-hospital emergency care provider at the scene of an emergency, no out-of-hospital emergency care
provider following such orders within the limits of his or her certification, and no out-of-hospital emergency care provider
trainee in an approved training program following such orders, shall be liable civilly or criminally by reason of having issued
or followed such orders but shall be subject to the rules of law applicable to negligence.

(3) No physician medical director shall incur any liability by reason of his or her use of any unmodified protocol,
standing order, operating procedure, or guideline provided by the board pursuant to subdivision (10) of section 71-5178.

71-5195. Out-of-hospital emergency care provider; liability relating to consent. No out-of-hospital emergency care
provider shall be subject to civil liability based solely upon failure to obtain consent in rendering emergency medical,
surgical, hospital, or health services to any individual regardless of age when the patient is unable to give his or her consent
for any reason and there is no other person reasonably available who is legally authorized to consent to the providing of such
care.

71-5196. Out-of-hospital emergency care provider; liability within scope of practice. No act of commission or
omission of any out-of-hospital emergency care provider while rendering emergency medical care within the limits of his or
her certification or status as a trainee to a person who is deemed by the provider to be in immediate danger of injury or loss of
life shall impose any liability on any other person, and this section shall not relieve the out-of-hospital emergency care
provider from personal liability, if any.

71-5197. Department; accept gifts. The department may accept from any person, in the name of and for the state,
services, equipment, supplies, materials, or funds by way of bequest, gift, or grant for the purposes of promoting emergency
medical care. Any such funds received shall be remitted to the state treasury and shall be credited by the State Treasurer to the
Department of Health and Human Services Regulation and Licensure Cash Fund.

71-5198. Act; construction with other laws. The provisions of the Emergency Medical Services Act shall not be
construed to supersede, limit, or otherwise affect the state emergency management laws or any interstate civil defense
compact participated in by the State of Nebraska dealing with the licenses for professional, mechanical, or other skills of
persons performing emergency management functions.

71-5199. Prohibited acts; violation; penalty. It shall be unlawful for any person who has not been certified pursuant to
the Emergency Medical Services Act to hold himself or herself out as an out-of-hospital emergency care provider, to use any
other term to indicate or imply that he or she is an out-of-hospital emergency care provider, or to act as such a provider
without a certificate therefor. It shall be unlawful for any person to operate a training agency for the initial training or
recertification of out-of-hospital emergency care providers unless the training agency is approved pursuant to rules and
regulations of the board. It shall be unlawful for any person to operate an emergency medical service unless such service is
licensed. Any person who violates any provision of this section shall be guilty of a Class I misdemeanor.

71-51,100. Unlawful acts; department; powers. Whenever a person has engaged in an act or practice which violates the
Emergency Medical Services Act or the rules and regulations adopted and promulgated pursuant to the act, the department
may make application to the appropriate court for an order enjoining the violation. Upon a showing by the department that
the person has engaged in an illegal act or practice, the court shall grant, without bond, an injunction, a restraining order, or
another appropriate order.

STATUTES PERTAINING TO EMERGENCY MEDICAL SERVICES
(d) AUTOMATED EXTERNAL DEFIBRILLATOR

71-51,102. Automated external defibrillator; use; conditions; liability. (1) For purposes of this section:
(a) Automated external defibrillator means a device that:
(i) Is capable of recognizing the presence or absence of ventricular fibrillation or rapid ventricular tachycardia and is capable of determining, without intervention of an operator, whether defibrillation should be performed; and
(ii) Automatically charges and requests delivery of an electrical impulse to an individual's heart when it has identified a condition for which defibrillation should be performed;
(b) Emergency medical service means an emergency medical service as defined in section 71-5175;
(c) Health care facility means a health care facility as defined in section 71-413;
(d) Health care practitioner facility means a health care practitioner facility as defined in section 71-414; and
(e) Health care professional means any person who is licensed, certified, or registered by the Department of Health and Human Services Regulation and Licensure and who is authorized within his or her scope of practice to use an automated external defibrillator.
(2) Except for the action or omission of a health care professional acting in such capacity or in a health care facility, no person who delivers emergency care or treatment using an automated external defibrillator shall be liable in any civil action to respond in damages as a result of his or her acts of commission or omission arising out of and in the course of rendering such care or treatment in good faith. Nothing in this subsection shall be construed to (a) grant immunity for any willful, wanton, or grossly negligent acts of commission or omission or (b) limit the immunity provisions for certain health care professionals as provided in section 71-5194.
(3) A person acquiring an automated external defibrillator shall notify the local emergency medical service of the existence, location, and type of the defibrillator and of any change in the location of such defibrillator unless the defibrillator was acquired for use in a private residence, a health care facility, or a health care practitioner facility.

STATUTES PERTAINING TO EMERGENCY MEDICAL SERVICES
(e) NEBRASKA EMERGENCY MEDICAL SYSTEM OPERATIONS FUND

71-51,103. Nebraska Emergency Medical System Operations Fund; created; use; investment. There is hereby created the Nebraska Emergency Medical System Operations Fund. The fund may receive gifts, bequests, grants, fees, or other contributions or donations from public or private entities. The fund shall be used to carry out the purposes of the Statewide Trauma System Act and the Emergency Medical Services Act, including activities related to the design, maintenance, or enhancement of the statewide trauma system, support of emergency medical services programs, and support for the emergency medical services programs for children. The Director of Regulation and Licensure shall annually, on or before January 1, submit a report to the Legislature which includes a general accounting of the income and expenditures of the fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.
